SUMMARY

A recent computer science graduate with a strong foundation in software development, I bring proficiency in Java, Python, MySQL, HTML, CSS, and JavaScript. My academic coursework and personal projects have equipped me with the technical skills and problem-solving abilities necessary to excel in the field. I look forward to the opportunity to apply my knowledge and passion for programming to real-world projects, making a meaningful impact on your team's objectives.

SKILLS

- | | | |
|--------|----------|--------------|
| • Java | • Python | • HTML |
| • CSS | • MySQL | • JavaScript |

EDUCATION

Bachelor of Engineering (BE) in Computer Science and Engineering:

- Sri Ramakrishna Institute Of Technology - Coimbatore
- Graduation - May 2024

PROJECTS

Personal Portfolio Website:

March 2021 - June 2021

- My personal portfolio website serves as an interactive platform to showcase my professional profile, skills, and accomplishments.
- It features a comprehensive display of my work, including projects I've completed, articles I've written, and a downloadable version of my resume.
- Environment - HTML, CSS, JavaScript, GitHub.

To-Do List Application:

January 2022 - April 2022

- Developed a fully functional to-do list application using Python and integrated it with a MySQL database to efficiently manage and organize tasks.
- This project showcased my proficiency in Python programming, database management.
- Notable achievements include the ability to add, display, mark tasks as completed, and remove tasks.
- Environment - Python, MySQL, GitHub.

Weather App:

November 2022 - May 2023

- Developed a Java-based weather application utilizing the OpenWeatherMap API to provide real-time weather data for user-specified locations.
- Demonstrated strong Java programming skills, API integration, and data parsing expertise.
- Environment - Java, OpenWeatherMap API, Environment variables.

Internship & Certifications:

- Full-Stack Developer Intern at Gateway Technology
- Udemy Certification on Java Development
- Meta Backend Developer Certification
- Udemy Certification on Angular Framework

December 2023 - March 2023
